

ADULT CHANGING TABLE

Pressalit are pleased to release our new changing table – a well thought out changing table, wall-hung and electrically height adjustable with focus on functionality, user-friendliness, hygiene and design. It is intended for people that need to be changed on a changing table and that are above the usual changing table age.

ERGONOMIC & USER-FRIENDLY DESIGN

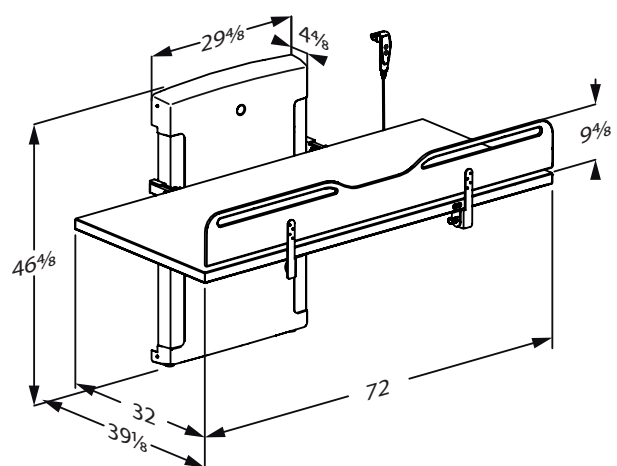

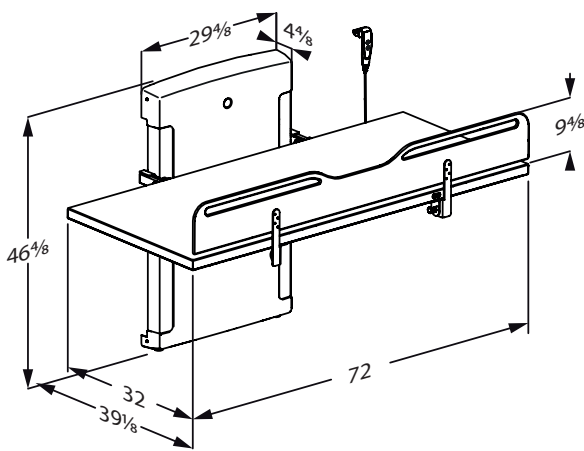

- A full length safety rail to ensure that the user feels safe
- A safety rail without gaps where arms/legs can get trapped or slip out in case the user is restless on the changing table
- The closed design of the safety rail gives the user lying on the worktop a sense of privacy
- Soft, rounded edge to the safety rail so it can be used as a grab bar
- To provide better access for the caregiver or helper the safety rail has a practical lower area in the middle
- Built-in switches in the worktop – for easy adjustment of the height. You can stay close to the user who is lying on the worktop. The built-in switches are placed conveniently close to the helper. It is also possible to lower and raise the table by using the wired hand control
- Lifting height up to 1000 mm/39.4" to provide proper and safe working height for the helper
- A motorized folding-away of the worktop is available as a factory-mounted accessory
- Wall-mounted control panel for folding up/down the motorized worktop and height adjustment of the changing table available as accessory

NICE, AESTHETIC & TIMELESS DESIGN

- Scandinavian design with clean surfaces
- White compact laminate surface with a black core material gives a modern appearance
- The reversible mattress is fixed to the table so it will not move when changing a restless person or while folding/unfolding the table
- Lifting capacity 200 kg/440 lbs.

HYGIENE ABOVE ALLE

- Clean surfaces which are easy to wipe with a cloth
- Easy to clean attachment of the mattress. It is easy to remove the mattress to clean underneath it
- The mattress is reversible so it is possible to turn it over, if one side is worn out
- Strong compact laminate worktop
- Manufactured in materials that do not stain or rust

ITEM NO.: R8594572000
