Product Group: Change Tables

Description: The Wall Mount Changing Table (folding) is a lifting device and ETL Certified. Electrically powered hand control connected to a 24V actuator. The table is lowered for safe transfer for both user and caregiver. Individual can be secured using the 2 integrated safety belts. Table is raised to caregiver's ideal working height. Height adjustable with wired hand control. Optional Side Rail is released to swing away to facilitate transfer with a locking pin. Suitable for use in schools, clinics, private homes and other caregiving situations for children.

Materials: Powder-coated steel frame (table & side rail).
18 oz. vinyl mattress, mildew resistant, latex-free lead-free, phthalate free and fire retardant to NFPA 701 USA and CAN/ULC S109 standards.
The front cover is made of acrylic for easy cleaning.

Specification Sheet
